

EXTRA... EXTRA... Read All About It!!!

PAWsitively AR Readers

Students must pass their AR test with an 85 or higher in order to receive an incentive. The size of the incentive will be based on the number of AR tests the student passes with an 85+ at their reading level every 6 weeks. (minimum of 5 tests per 6 weeks)

The more tests you pass, the **BIGGER** the incentive will become...

The end of the year **ROAR** award will be given to one lucky student from each grade level who collects the most tests at 85+ for the entire year.
Tests must be at their reading level.

**This program will be offered to all
1st thru 5th grade AR testers.**
